Cain & Beer offer outstanding service at an affordable price but still give you a feeling of being a person and not just a number, it's how company/accountant relationships should be. Joanne Bell - Managing Director / Bells Accountants

Best bookkeeping firm I have ever outsourced to. Fast turnaround, excellent value for money and accurate, well presented work. Hopefully we will continue to work together for the foreseeable!

Resli Costabell - Costabell Limited - London

Paul took my unholy financial mess and swiftly transformed it into a few neat and comprehensible spreadsheets. Paul's goal was to find savings that were equivalent to his fees.

Clare Hayman - Financial Controller - Lifestyle

Cain and Beer have introduced us to the world of Xero and provided us with training. We are now able to do our own bookkeeping, payroll and CIS submissions "in house". We would highly recommend using Cain and Beer. A huge thank you to Paul for all his hard work and continued support!

Daniela Fleckenstein - Photographer

I recently attended a Cain and Beer "Bookkeeping for Beginners" workshop. Offering insight and understanding, with a sense of humour to keep light of what is a serious topic. Very forthcoming and knowledgeable, with an approach in great breadth and no pretence and very much contemporary.

Mr Richard Verrall - Warbird Experiences

Chaos is merely order waiting to be deciphered – If you need to sort chaos, we can unreservedly recommend Cain & Beer who transformed our accounts, providing the process, procedures and systems to allow us to run the business more effectively. Cain & Beer provide a professional, friendly and cost-effective service.

About Us

Cain & Beer Limited are an Institute of Certified Bookkeepers (ICB) Practice and were formed in January 2013 with the purpose of assisting businesses of all kinds and sizes by providing unrivalled professional accounting solutions including bookkeeping, VAT, management reporting, training, payroll and taxation services.

Our aim is to build strong business relationships by delivering professional, reliable and efficient services that in turn allow us to grow whilst enabling our clients to flourish.

We periodically run 'Basic Bookkeeping for Beginners' workshops to assist start-up businesses ensuring that they know how to process their own bookkeeping and inform them of which records are required by law to be kept.

The vision of Cain & Beer is to simplify the complexities of bookkeeping to its clients and accounting partners alike. Our team are based throughout Kent, London and Surrey.

Our team are client driven, very skilled and trained to the highest standards and are proficient in most accounting software packages including online alternatives such as Xero, Sage and QuickBooks.

We also offer a payroll service bespoke to your needs.

Every member of our team must meet certain criteria including accuracy, professionalism and respect as well as being friendly and positive. Our unique selling point is to be able to provide continuity to our clients meaning that our holidays and time off do not affect your bookkeeping.

These traits we feel, stand us out from the rest which ultimately enable us to retain our clients by offering them an outstanding level of service.

Our clients clearly think we offer great service by their fantastic reviews they have given us.
